Workshop #3 Agenda: Review Simulations and Strategy Outcomes

- 9:00 a.m.** **Welcome and Agenda Overview** by Karen Firehock
- 9:15** **Brief Recap of Last Workshop and Progress** by Greg Low
- Workshop Outcomes for Today:**
- Review of preliminary simulations and outcomes of alternative management strategies for the six focal ecological systems.
 - Discuss any recommended adjustments to management strategies, budgets or models.
- 10:00** **Model Run Results for Each of Six Systems** by Greg Low (including "live" model runs with committee to test out any adjustments or new scenarios)
- 12:15 p.m.** **Lunch (provided)**
- 1:00** **Return to Model Run Results** (Greg Low)
- 4:00** **Committee Process:** Discussion of committee process and priorities for how to rank options and preparation for June 23rd meeting. If time, also discuss how public will be engaged in review and comment on recommendations and process for writing them.
- 5:00 p.m.** **Adjournment**

Workshop inserts will be provided to participants for their 3-ring binders *

- ✓ Model runs worksheets

* Committee members should bring their binders from last time.
